

WARREN STAUFFER

XC INVITATIONAL OCTOBER 5, 2013

The Warren Stauffer Invitational offers a wide variety of competition on an extremely fast, flat course that is very spectator friendly. Our course can be viewed from multiple vantage points. It's easy to get from one place to another and see the race almost in its entirety. On any given year, we host a handful of CIF ranked teams and others forging their way. Each race is spaced 30 minutes apart, and there is no overlapping. In addition, we pride ourselves in awarding medals to a large percentage of the field. We try our best to acknowledge a job well done, even for some of the developing runners. Our "bobble-head" trophies are back for 1st thru 10th place and medals for the remaining 25 in each race. Our meet is down right fun! We have a DJ spinning the latest crowd pleasing hits all morning long and the best concession stand this side of Nebraska. We've been known to take the competition to the dance floor after the racing is done. We have a unique meet; hope you join us!
